

BEFORE THE BOARD OF OIL AND GAS CONSERVATION  
OF THE STATE OF MONTANA

UPON THE APPLICATION OF  
HEADINGTON OIL, LIMITED PARTNERSHIP  
TO CREATE A FIELD AND PERMANENT  
SPACING UNIT COMPRISED OF ALL OF  
SECTION 36, T26N-R53E, AND LOTS 1, 2, 3, 4,  
S½N½, S½ (ALL) OF SECTION 1, T25N-R53E,  
RICHLAND COUNTY, MONTANA, FOR  
PRODUCTION OF OIL AND ASSOCIATED GAS  
FROM THE BAKKEN FORMATION.

ORDER NO. 1-2007

Docket No. 3-2007

Report of the Board

The above entitled cause came on regularly for hearing on the 15th day of February, 2007 in the conference room of the Billings Petroleum Club in the Crowne Plaza Billings in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that all of Section 36, T26N-R53E, and Lots 1, 2, 3, 4, S½N½, S½ (all) of Section 1, T25N-R53E, Richland County, Montana, are designated a permanent spacing unit for production of oil and associated gas from the Bakken Formation.

BOARD ORDER NO. 1-2007

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 15th day of February, 2007.

OF THE STATE OF MONTANA

UPON THE APPLICATION OF  
ENERPLUS RESOURCES (USA) CORPORATION  
TO CREATE A FIELD AND PERMANENT  
SPACING UNIT COMPRISED OF ALL OF  
SECTIONS 4 AND 9, T24N-R57E, RICHLAND  
COUNTY, MONTANA, FOR PRODUCTION OF  
OIL AND ASSOCIATED NATURAL GAS FROM  
THE BAKKEN FORMATION.

ORDER NO. 7-2007

Docket No. 9-2007

Report of the Board

The above entitled cause came on regularly for hearing on the 15th day of February, 2007 in the conference room of the Billings Petroleum Club in the Crowne Plaza Billings in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. A letter of protest was read into the record by the Chairman from Mr. J. Morrow Elias, a consulting economic geologist who has a royalty interest in the W $\frac{1}{2}$  of Section 9, T24N-R57E, Richland County, Montana. Mr. Elias was concerned that the existing well in the W $\frac{1}{2}$  of the proposed permanent spacing unit may be on the margin of the Bakken play, and that a planned increased density well in the E $\frac{1}{2}$  of the proposed permanent spacing unit is premature and imprudent at this time. Because this is a spacing application the Board took no action on Mr. Elias' concern regarding a possible increased density application in the future.
3. The evidence indicates that granting the application in the manner hereinafter set forth will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that all of Sections 4 and 9, T24N-R57E, Richland County, Montana, is designated a permanent spacing unit for production of oil and associated natural gas from the Bakken Formation.

16 THROUGH 21, AND 28, 29 AND 33

WEST LORING FIELD

T37N-R29E - SECTIONS 25 AND 36  
T36N-R30E - SECTIONS 6, 7, 18, 21, 29 AND 35  
T35N-R31E – SECTIONS 7 AND 20

APPLICANT FURTHER REQUESTS THE  
AFOREMENTIONED ORDERS BE AMENDED  
TO ALLOW COMMINGLING OF ALL NATURAL  
GAS PRODUCTION FROM THE NIOBRARA,  
BOWDOIN, GREENHORN AND PHILLIPS  
FORMATIONS IN A SINGLE WELLBORE  
THROUGH THE SAME STRING OF CASING AS  
TO ALL EXISTING AND/OR FUTURE WELLS  
LOCATED WITHIN THE EAST AND  
WEST LORING FIELDS.

Docket No. 15-2007

Report of the Board

The above entitled cause came on regularly for hearing on the 15th day of February, 2007 in the conference room of the Billings Petroleum Club in the Crowne Plaza Billings in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. Member Jack King recused himself and took no further part in the proceedings on this matter. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.

2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that Board Orders 60-1982, 39-1997, 7-1987, and 27-1998 are hereby amended to include the Niobrara Formation retroactive to the effective date of each order.

IT IS FURTHER ORDERED that the aforementioned orders are also amended to allow commingling of all natural gas production from the Niobrara, Bowdoin, Greenhorn and Phillips Formations in a single wellbore through the same string of casing with regard to all existing and future wells in the East and West Loring Fields.

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 15th day of February, 2007.

871' FSL IN THE SW¼SW¼ (LOT 4) OF SAID  
SECTION 7.

ORDER NO. 24-2007

Docket No. 26-2007

Report of the Board

The above entitled cause came on regularly for hearing on the 15th day of February, 2007 in the conference room of the Billings Petroleum Club in the Crowne Plaza Billings in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the Gold Butte Field rules established in Board Order 26-1959 are hereby vacated.

IT IS FURTHER ORDERED that the SW¼ of Section 7, T35N-R3E, Toole County, Montana, is designated a temporary spacing unit to drill a well to the Bow Island, Swift and Sunburst Formations at a location 915' FWL and 871' FSL in the SW¼SW¼ (Lot 4) of said Section 7.

IT IS FURTHER ORDERED that a federal communitization agreement for spacing units which contain both federal and non-federal land shall be submitted to the authorized officer of the Bureau of Land Management prior to or upon completion of a producible well.

BOARD ORDER NO. 24-2007

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 15th day of February, 2007.

Terri H. Perrigo, Executive Secretary

BEFORE THE BOARD OF OIL AND GAS CONSERVATION  
OF THE STATE OF MONTANA

UPON THE APPLICATION OF  
NANCE PETROLEUM CORPORATION FOR AN  
EXCEPTION TO BOARD ORDER 366-2006 TO  
AUTHORIZE A 160-FOOT TOLERANCE FROM  
THE 660-FOOT SETBACK REQUIREMENT WITH  
RESPECT TO THE INITIAL ENTRY POINT OF  
THE HORIZONTAL LATERAL TO BE DRILLED  
IN THE RATCLIFFE FORMATION BY RE-ENTRY  
OF THE NELSON RANCH 1-6 WELL LOCATED  
IN SECTION 6, T27N-R59E, ROOSEVELT  
COUNTY, MONTANA.

ORDER NO. 25-2007

Docket No. 27-2007

Report of the Board

The above entitled cause came on regularly for hearing on the 15th day of February, 2007 in the conference room of the Billings Petroleum Club in the Crowne Plaza Billings in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the application of Nance Petroleum Corporation is granted as applied for.

OF NON-JOINDER PENALTIES IN  
ACCORDANCE WITH SECTION 82-11-202 (2),  
M.C.A.

ORDER NO. 28-2007

Docket No. 30-2007

Report of the Board

The above entitled cause came on regularly for hearing on the 15th day of February, 2007 in the conference room of the Billings Petroleum Club in the Crowne Plaza Billings in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. At the hearing, applicant stated non-joinder penalties are not being requested for Mr. Ferguson's interest in the permanent spacing unit.
3. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that all interests in the permanent spacing unit comprised of all of Section 12, T27N-R57E, Roosevelt County, Montana, are hereby pooled on the basis of surface acreage for the production from the Ratcliffe Formation from the Dethman 1-12HR well.

IT IS FURTHER ORDERED that the recovery of non-joinder penalties in accordance with Section 82-11-202 (2) M.C.A. is authorized, except for the interest set forth in #2 Findings of Fact above.

OF THE STATE OF MONTANA

UPON THE APPLICATION OF  
BURLINGTON RESOURCES OIL & GAS  
COMPANY LP TO VACATE BOARD  
ORDER 201-2005, WHICH ESTABLISHED  
A 1280-ACRE TEMPORARY SPACING  
UNIT COMPRISED OF ALL OF SECTIONS  
9 AND 10, T25N-R54E, RICHLAND  
COUNTY, MONTANA, TO DRILL A  
HORIZONTAL BAKKEN FORMATION  
WELL.

ORDER NO. 37-2007

Docket No. 40-2007

Report of the Board

The above entitled cause came on regularly for hearing on the 15th day of February, 2007 in the conference room of the Billings Petroleum Club in the Crowne Plaza Billings in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the application of Burlington Resources Oil & Gas Company LP is granted as applied for.

CORRECTED  
ORDER NO. 152-2004

Docket No. 176-2004

Report of the Board

The above entitled cause came on regularly for hearing on the 20th day of May, 2004 in the conference room of the Billings Petroleum Club in the Billings Sheraton in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that W½ of Section 16 and the E½ of Section 17, both in T34N-R17E, Hill County, Montana, are designated a permanent spacing unit for the Eagle Formation.

IT IS FURTHER ORDERED that applicant's Majerus 17-34-17B well is designated as the only authorized well for said spacing unit.

CORRECTED  
ORDER NO. 423-2006

Docket No. 482-2006

Report of the Board

The above entitled cause came on regularly for hearing on the 14th day of December, 2006 in the conference room of the Billings Petroleum Club in the Crowne Plaza Billings in Billings, Montana, pursuant to the order of the Board of Oil and Gas Conservation of the State of Montana, hereinafter referred to as the Board. At this time and place testimony was presented, statements and exhibits were received, and the Board then took the cause under advisement; and, the Board having fully considered the testimony, statements and exhibits and all things and matters presented to it for its consideration by all parties in the Docket, and being well and fully advised in the premises, finds and concludes as follows:

Findings of Fact

1. Due, proper and sufficient notice was published and given of this matter, the hearing hereon, and of the time and place of said hearing, as well as the purpose of said hearing; all parties were afforded opportunity to present evidence, oral and documentary.
2. The evidence indicates that granting the application will serve to protect correlative rights and be in the interest of conservation of oil and gas in the State of Montana.

Order

IT IS THEREFORE ORDERED by the Board of Oil and Gas Conservation of the State of Montana that the S½ of Section 11 and the N½ of Section 14, T36N-R15E, Hill County, Montana, is designated a permanent spacing unit for production of gas from the Eagle Formation through the wellbore of the Dusek-Federal #14-3-36-15C well.

IT IS FURTHER ORDERED that a federal communitization agreement for spacing units which contain both federal and non-federal land shall be submitted to the authorized officer of the Bureau of Land Management prior to or upon completion of a producible well.

CORRECTED BOARD ORDER NO. 423-2006

Done and performed by the Board of Oil and Gas Conservation of the State of Montana at Billings, Montana, this 14th day of December, 2006.
