

BEFORE THE BOARD OF OIL AND GAS CONSERVATION  
OF THE STATE OF MONTANA

IN THE MATTER OF ANG HOLDING (USA) CORP. WELLS  
IN BLAINE COUNTY, MONTANA

ADMINISTRATIVE ORDER 1-A-2021

ANG Holding (USA) Corp. (ANG) is the operator of 90 wells in Blaine County, Montana.

At the December 3, 2020, public hearing, ANG was docketed for show cause for failure to file production reports and pay the administrative fine assessed for delinquent production reporting. As a result of that hearing, the fine assessed to ANG was waived, but it was ordered to continue to file reports in accordance with Board rules. ARM 36.22.1242 requires that each operator file production reports which are due the end of the month following the month being reported.

Charles Selby, President of ANG, telephoned into the meeting. ANG has been unable to raise funds for the operations of its wells. As a result, the wells have been shut-in and the company can no longer file the required production reports.

IT IS THEREFORE ORDERED by the Board that ANG must show cause at the April 8, 2021, public hearing for why it should not have to provide a plan and timeline for the plugging and abandonment of its wells.

Dated this 3<sup>rd</sup> day of February, 2021

Montana Board of Oil and Gas Conservation
